Structure

The two-day conference has one main theme, three parallel programs aimed for German and foreign investors, and several side-events, such as three masterclasses aimed for local companies, and business breakfasts. In addition, it will offer a marketplace expo for sponsors and partners, several networking opportunities, and tailored programs for company visits. As well as special events/activities for the busy mornings and evenings, in Pristina. The main stage will serve to address topics for a broader audience, while the other stages will be used for the parallel specific programs of the conference.
